## **PREFACE**

There now exists physical evidence for a message from God to the world. This marks the advent of a new era in religion; an era where **FAITH** is no longer needed. There is no need to "believe," when one "knows." People of the past generations were required to believe in God, and uphold His commandments **ON FAITH**. With the advent of the physical evidence reported in this book, we no longer believe that God exists; we **KNOW** that God exists. Such knowledge is ascertained through God's final scripture, Quran, wherein overwhelming physical evidence has been encoded.

Employing the ultimate in scientific proof, namely, mathematics, the evidence comes in the form of an extremely intricate code. Thus, every word, indeed every letter in Quran is placed in accordance with a mathematical design that is clearly beyond human ability.

The book was designed initially for presentation in the form of photographic slides, with each page representing an independent slide. Hence the title, "*Visual Presentation of the Miracle*."

Not only does the evidence prove the authenticity and perfect preservation of Quran, but also confirms the miracles of previous messengers, including Noah, Abraham, Moses, David, and Jesus. None of us witnessed the parting of the Red Sea, or the virgin birth of Christ. However, upon reviewing the evidence presented here, and examining the appropriate narrations, the reader will be as positively certain as an eyewitness.
